1. Purpose

This document illustrates the steps to be performed by Raj Sewa Dwaar's partner or customer to subscribe for a Service using the Advanced Developer Portal.

2. Prerequisite

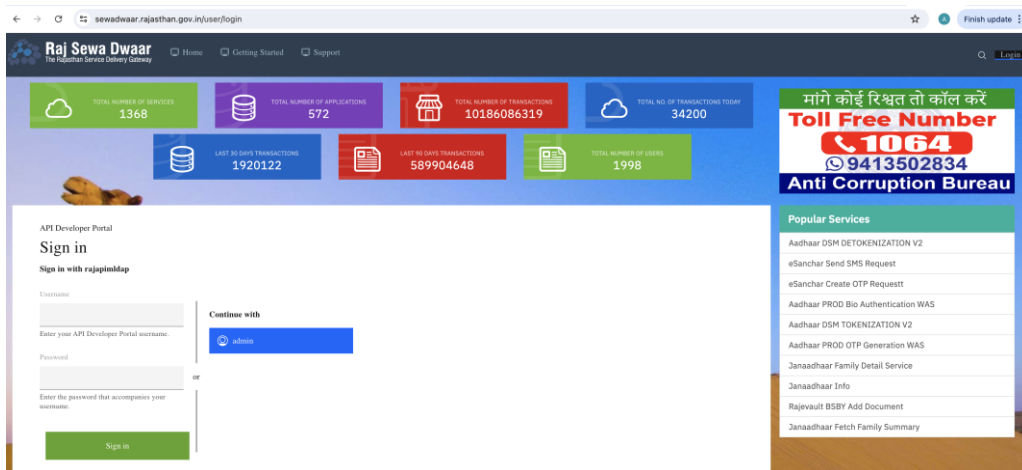

As most of the Service planned currently targets specific partners or customers, we shall use invite based on-boarding mechanism.

3. Steps to add customers using the developer portal

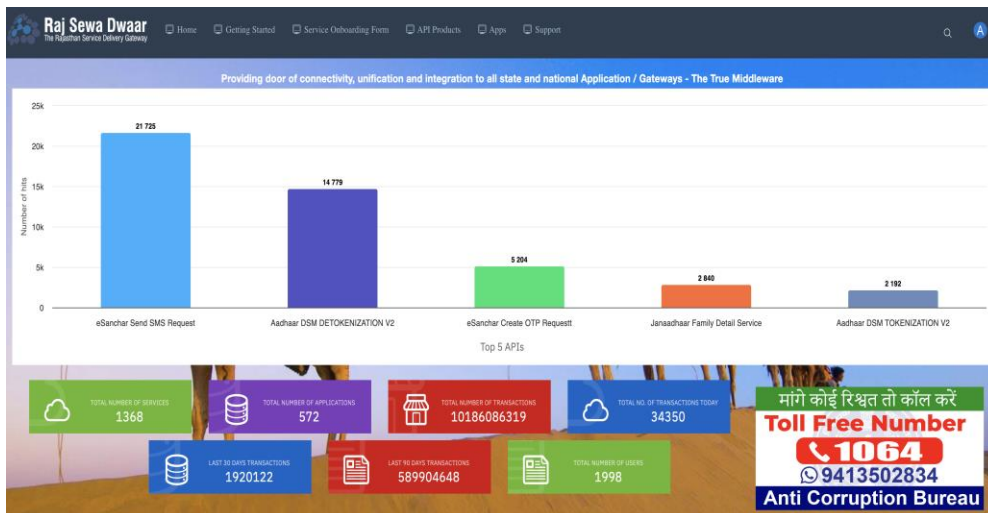

Step 1: Customer should log in to the below link.

<https://sewadwaartest.rajasthan.gov.in/>

Step 2: Login through SSO ID.

Step 3: The following screen will be displayed after successful login.

Step 4: Post login, click on the APP tab. Click on Create New App.

Apps

Title

Items per page: 10 | Sort by: Name Asc | [Apply](#)

[Create new app](#)

No data found.

Step 5: Provide the application name and description of the app and click on the Save button.

Create a new application

[Cancel](#) [Save](#)

Step 6: On successful registration the app information is displayed. This includes the client ID which is required to call the Service.

The screenshot shows the 'Raj Sewa Dwaar' dashboard with a navigation bar and a statistics section. A green notification bar at the top states 'Application created successfully.' Below this, the 'New application credentials' section displays the API Key and Secret, both masked with dots and accompanied by copy icons.

Step 7: Now post registration of the app, Click on the Api Products tab and select the intended Service.

The screenshot shows the 'API Products' page on the Raj Sewa Dwaar dashboard. It features a search and filter section with a text input for 'Name', a dropdown for 'Category' (set to '- Please select -'), a dropdown for 'Sort by' (set to 'Name'), a dropdown for 'Order' (set to 'Asc'), and a dropdown for 'Items per page' (set to '10'). There are 'Apply' and 'Reset' buttons. Below the filters, a single API product is listed: 'Janaadhaar Info 1.0.0-apigw' with a five-star rating.

Janaadhaar Info 1.0.0-apigw
★★★★★

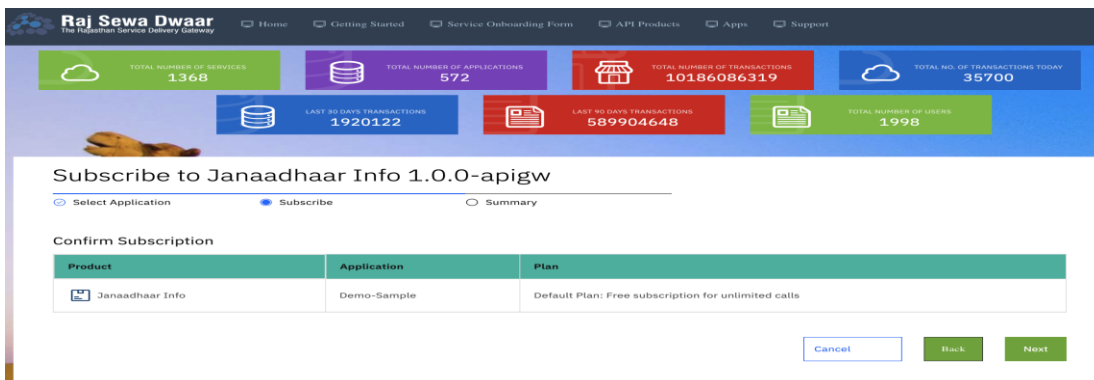

Step 8: Click on the API. This will transition to a page that shows the plans under which this Service is bundled.

Step 9: Select the plan and select the app against which to subscribe.

Step 10: Click on next to subscribe to the service.

Step 11: Once you are subscribed to the Plan, the Service(s) available under the plan can be invoked.

The screenshot shows the Raj Sewa Dwaar dashboard with a navigation bar and several data cards. The main content area displays the 'Subscribe to Janaadhaar Info 1.0.0-apigw' page, which is currently on the 'Summary' tab. A 'Subscription Complete' message indicates that the application is now subscribed to the selected plan. A table below shows the subscription details, and a 'Done' button is located at the bottom right.

Product	Application	Plan
Janaadhaar Info	Demo-Sample	Default Plan
